Dr. Grady Mayeaux Ph D

650 McDaniel Mill Rd.
Marysville, CA 95901

Dr. Dr. Grady Mayeaux Ph D:

The Office of Water Programs, CSUS, has established a new policy and procedure for registering instructors. This new policy is to use not only the instructor's social security number, but to assign an identification number indicating the instructor has an approved registration with us. You have been approved as an instructor, and your assigned instructor number is [REDACTED]. Please refer to this number when ordering instructor's guides or corresponding with our office.

We look forward to working with you, and we appreciate your interest in our operator training programs. If we can be of any assistance, please contact us

Best regards,

A handwritten signature in black ink, appearing to read "Jet DaCosta".

Jet DaCosta
Program Representative
